Thermo Heat is the #1  
Maximum Strength Fat  
Loss Supplement that  
boosts your  
metabolism, helps  
manage your appetite,  
enhances your energy,  
and mental alertness.  
The key to fat loss is  
burning more calories  
than you consume.

Beneath the compound layer a diffusion zone extends in the ferrite matrix in which nitrogen is dissolved interstitially. The heat effect of slow cooling after nitriding or the separate heating cycle lead to formation of the  $\gamma'$ -Fe<sub>4</sub>N<sub>1-z</sub> nitride which, in turn, increases the nitrogen content in the  $\epsilon$ -Fe<sub>2</sub>N<sub>1-z</sub> nitride.
