I just got a Samsung SyncMaster 205BW and I want to use it with my laptop (HP Pavilion dv4000). (only need one screen not two) Using Ubuntu 6.10 (Edgy) The laptop uses 1280x800. The external monitor uses 1680x1050. When I boot up with the external monitor it will only give me 800x600. Not sure how to get the resolution correct.
